

## ABOUT US

Our priority is to make and serve the best seltzer drinks available in a modern vibrant venue. It is fair to say The Local Seltzer is obsessed with providing the cleanest, most creative, and refreshing beverages on the market. We continuously roll out new products, while trying to keep with what's in season and staying ahead of the rest of the beverage industry.

## OUR INGREDIENTS

Good drinks don't have to be loaded with sugar and other additives. By using all-natural, clean ingredients, we serve flavorful and refreshing drinks with a fraction of the carbs and calories of traditional cocktails and beers. Further, all our drinks are vegan and gluten-free, without sacrificing taste.

Also, going to a bar does not have to revolve around alcohol. While we proudly serve alcoholic drinks, we also offer non-alcoholic versions of most of our seltzers. Enjoy our refreshing seltzers in the company of friends without having to settle for the limited, boring, standard alcohol-free options. We also offer traditional cocktails, beer and wine.
