HOSTING WITH

Get on your feet, grab a can, and unleash your inner artist. Studio W.I.P. provides the most unique, hands-on experience in the city - and now you can book your group for a private workshop at our space...or yours!

Hosted by Studio W.I.P. artists and staff, we will demonstrate multiple aerosol techniques for you and your group. Individual canvases and racks of low-VOC spray paint will be provided so each guest can create and take home their own masterpiece.

Our motto is “You Can Art Too,” as we believe everyone has the ability to be creative. Our team will engage and encourage each guest so they can feel comfortable coming as they are and leave feeling inspired.
