TAKE ME WITH YOU...

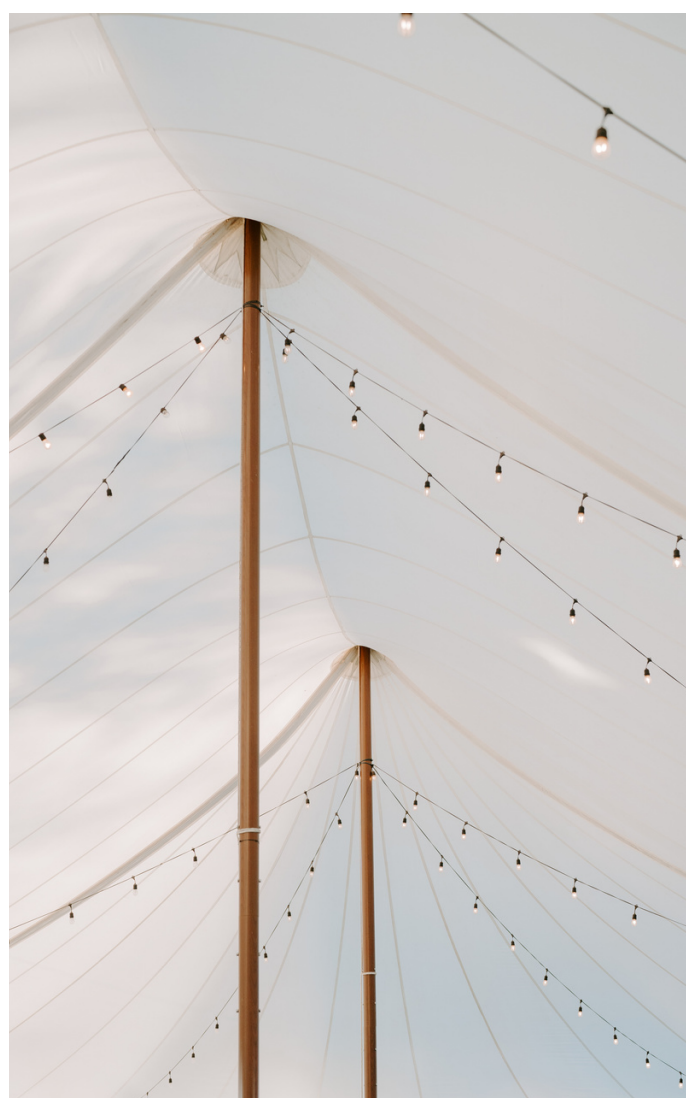

Boston local, International wedding photographer, Aussie mom and food enthusiast. When I don't have camera in hand, you'll likely find me anywhere there's a taco or an Old Fashioned. Specializing in International and Destination Weddings, Elopements and Boudoir and with over 12yrs of experience behind the lens, I bring my one of a kind perspective to every shoot or wedding.

Describing my style in one word is difficult, but if I had to — it would be T I M E L E S S. I approach every wedding with the same goal: to document your wedding day as it happened while providing you with beautiful photographs that will allow you to reminisce your day in a clean, elegant and captivating way that you're going to love for a lifetime.

L I F E | M O V E M E N T | R O M A N C E

These are the three main factors that I aim to bring out in each and every photo. I believe photos should tell a story, be alive and remind you of the best moments of your life for forever. I pride myself in having expertise in knowing when to stand back and document your natural love and laughter as well as when to let you into my creative world with plenty of direction to help you feel comfortable and never lost through every wedding day, engagement, boudoir session etc!
