“Amazing views, amazing people

Echo Mountain is a truly stunning venue. The mountain views you get at 10,000 ft are breathtaking (sometimes literally lol). The ski lodge for the reception was able to be transformed into a whimsical space filled with lights that was exactly what I was looking for....”

-Madeline, September 2023

“My husband and I got married at Echo Mountain earlier this month. You could not ask for a more picturesque location. The entire staff is so friendly and accommodating....”

-Katelyn, October 2023

“ECHO mtn was amazing. Wanted to start off by saying it was the best experience and best day of our lives. It felt very homey, while having an absolutely amazing view! The staff and Jodi were awesome and I would do any event with them again!! Love you guys! See ya in a couple months for boarding season!”
