

I'm Nicole, an Event Planner, Coordinator, & Designer from New Hampshire. I grew up in the southeastern part of the state and have settled in the Upper Valley with my husband, Erik, our 2 sons, 2 dogs, & cat. I have always enjoyed personal relationships and meeting new people. In college is where I found my passion for event planning by planning events for the entire student body.

I have now been in the hospitality industry for over 16 years with half of my career focused on creating memorable events for others. I have planned a variety of types & styles of events including bridal & baby showers, birthday parties, reunions, weddings, corporate events, and more.

Whether the event is a small intimate gathering, a lavish or savvy affair, I enjoy the challenge, creativity, and bond that event planning and coordinating brings. Creating a memorable experience makes my heart full and I truly love what I do.

Packages

Partial Planning

For those that want to be involved with the planning but need assistance with certain aspects during the planning process. This package can be completely personalized to your event planning needs and includes everything in the Event Coordinating package.

Event Coordinating

For those who want to do most of the planning but need a little help at the end executing the day of the event. Planning begins at least 4-6 weeks prior to your event. I'll confirm details with your venue & vendors, create timelines, and make sure the details are all in place. You also have access to borrow anything from my inventory to use at your event.

On the day of your event, I'll take care of everything by bringing your vision to life and be the main point of contact so you can enjoy and relax.
