

SCULPTURE GARDEN

GALLERY

SCULPTURE GARDEN GALLERY defines raw urban elegance with architectural elements that include timber loft construction, exposed brick, hardwood floors, and oversized 12 foot long windows and doors leading to the Garden for easy in and out access. The entryway, adorned with stunning chandeliers, takes guests through the original five-story elevator cab and into the inviting 12,000 square foot event space and beyond. The details continue into the artfully designed and furnished private suites along with the restrooms which boast an original art installation, and illuminated onyx sinks customizable for your event.

The outdoor component of the SCULPTURE GARDEN GALLERY is visually breathtaking and features 4,500 covered square feet of courtyard built along the historic former railway that once serviced the building. The 3-season Garden includes gas heaters, archway seals to block wind, and optional drapery. Reclaimed granite pavers along with soaring original brick archways are adorned with beautiful 6ft tall boxwood topiary and seasonal planters. Illuminating the space are stunning oversized chandeliers with a metal orb inspired by Foucault's gyroscope. The ivy-filled garden includes sculptures from acclaimed local and international artists and is an ideal setting for a special day.
