“We did an outdoor wedding on private land and they came through and hooked up everything! They did such an amazing job announcing everything and keeping everyone dancing all night! I would fully recommend this team to DJ your wedding or any other venue you may have! They were great!” – Justin Vandenburg

“Hiring DJ Stephen was one of the best decisions we made in the wedding planning process. Every part of hiring him was easy and he was so reliable. We knew he was organized just from how communicated with us leading up to the wedding and from the moment the dance floor opened it was absolutely packed, this is entirely due to him! Music choices were great, music transitions were excellent and he was able to flow between Spanish and English songs flawlessly which was a huge hit with our wedding attendees. Best choice, if we ever have another party to throw we are definitely calling him!” – Elizabeth Covelli
