

THOMPSON
DENVER

Luxury + Culture

Newly opened in February of 2022, Thompson Denver's 216 room luxury boutique hotel offers a refreshing, modern sophistication to Downtown Denver.

Thompson Denver boasts some of the most unique event spaces for Denver weddings. Offering bold interior design, rich décor accents, and an architecturally striking two-story fireplace at the center of it all.

Our culinary team will create a tailored menu for your wedding that highlights the bounty of Denver's local farmers. Then sit back and relax as our events team provides you a best-in-class dining experience.

As an added benefit, our wedding couples have the opportunity to capture their special day with photography surrounded by the many stunning design features of our elegant hotel.

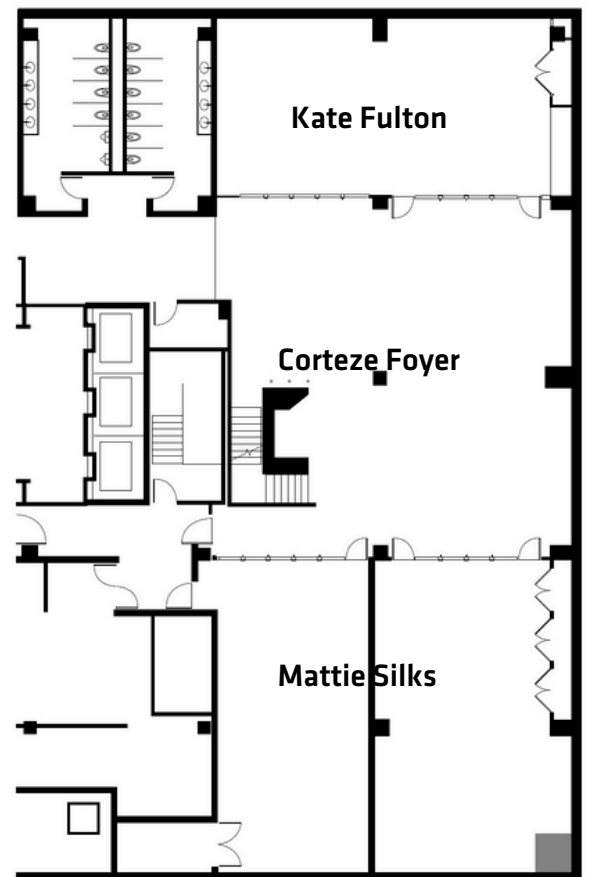

Residential-Style Foyer with 2-Story Fireplace

Your guests will not forget your picturesque wedding in our edgy and mysterious lower lobby event rooms, which are named after notorious early citizens of Denver.

After saying "I Do!" in Kate Fulton, enjoy your cocktail hour in Corteze Foyer, an adjacent richly appointed, residential-style entertainment space featuring an architecturally striking two-story hearth fireplace.

Then move into Mattie Silks to celebrate the night away with your closest friends and family members while enjoying exquisite Colorado inspired food and drink.

Be sure to discuss adding in the Honeymoon Bonus Offer to help get complimentary honeymoon room nights anywhere in the world that there is a Hyatt!
