WEDDINGS AT MAROMA, A BELMOND HOTEL, RIVIERA MAYA

THE BEATING HEART OF THE RIVIERA MAYA

Tropical beaches, lush jungle and timeless Mayan culture make the Riviera Maya a coveted wedding destination. Wake up to palm-fringed sands and turquoise waters, spend romantic moments exploring nature, dine on irresistible cuisine, and say “I do” surrounded by beauty, blue sky and birdsong, Maroma is calling.

A photograph of a lush jungle scene. A stone path leads through dense foliage, flanked by large trees and a trellis structure. The word "JUNGLE" is written in a stylized font across the center. The scene is illuminated by warm, golden light, suggesting sunset or sunrise. The path is made of irregular stones and is bordered by low-lying plants and small, warm-toned lanterns. A large, gnarled tree trunk is prominent on the left, and a trellis structure with hanging vines is visible in the background. The overall atmosphere is serene and tropical.
