Rental Care

People always ask us - "but what if it gets ruined at my event?" Don't fret! Our team has seen it all and that's why we've put a few policies in place to give you piece of mind at your event to help you better care for our rentals!

Damage Waiver

All orders include an optional damage waiver that is 13% of the order subtotal. This covers any normal wear and tear, stains, and rips to our rental inventory. Our damage waiver does not cover damage due to neglect such as water damage or complete loss. Please note, without the damage waiver, you could be charged up to 5x the rental cost per item that is damaged or lost.

Placing Rentals Outside

Our rentals can be placed outside during your event. However, we require all of our clients to have a rain plan in place where either our rentals will be brought inside or placed under a tent with sidewalls and flooring in the case of inclement weather. Our delivery team will not place rentals outside if inclement weather is forecasted. ***Please note, our rentals cannot be left outside uncovered overnight** – they must be either brought inside or covered by a tent with sidewalls to prevent rain, mud, morning dew, and/or pollen from damaging our rentals. **Items cannot be tarped without a tent.**

If you are worried about your rentals getting wet at your event, please inquire about our Weather Team Service, where our team will stay onsite during your event and move our rentals to safety in the case of inclement weather.

Preparing Rentals for Pick-Up

After your event, please make sure to wipe down all tables and bars of water, food and candle wax before pickup. All china must be scraped clear of food and placed back in their protective crates. All linens must be free of debris and placed inside the provided SVR laundry bags. Excessive food or debris on rental items are subject to a \$299 cleaning fee.
