

ABOUT US

Established in 2004 by husband and wife team Litty Mathew & Melkon Khosrovian, Greenbar Distillery is LA's first since the prohibition era, and likely long before. We produce the world's largest portfolio of organic spirits, from whiskey and amari to gin and vodka, canned cocktails and non-alcoholic beverages to bitters and rum.

The distillery sits in downtown LA's thriving Arts District, only steps away from some of the best coffee shops, bars and restaurants the city has to offer.
