We had an exceptional experience staying here. Highly suggest it as a place to check out in the Poconos area. The chalets are beautiful. Some construction going on in the area as they are still developing out the remaining land. Will be back once everything is completed for sure.

Beautiful modern mansion by the lake! Plenty of indoor and outdoor space for our big family. High ceiling and big windows provided plenty of light. We all enjoyed the sauna, hot tub and the awesome fire pit. The surrounding and the private lake were very quiet and peaceful. All amenities were brand new and spotless. The hosts, Veronica, Diana and Natalie from out of urban, were very kind and helpful. We all had a wonderful time!
