WELLNESS

Inspired by Calistoga's natural hot springs

At the heart of our resort is Spa Solage, an award-winning 20,000 square foot facility, which showcases the renowned Calistoga mud and mineral water therapies that have attracted visitors to Napa Valley since the 19th century. The Bathhouse offers a premier wellness experience with five geothermal pools at varying temperatures, including icy cold, a soothing 98°, and a comforting 103°. Treatments like the Signature Mudslide utilize natural minerals to rejuvenate both body and mind.

STARLIGHT AT THE BATHHOUSE

Elevate your experience with an ultra-private retreat for two. Enjoy exclusive access to the bathhouse after hours and indulge in our signature mudslide treatment for two with a romantic rose petal bath, illuminating candle lights, and a beautifully prepared shared dessert.
