THOSE FINAL DETAILS

We believe that the creation of any Floral Design is symbiotic with the creation of the overall Event Design. The look and feel you desire for your event is only truly achieved when the selection process coordinates with the Linens, Rentals, Lighting and personality of your venue.

Our Event Design Services will create your full vision from selecting your linens, chairs and related rentals to floor plan layouts and lighting designs. Working with other prominent vendors on a regular basis gives us the opportunity and the freedom to create outside of the box thinking for each and every client. Whether the overall appeal of an event may be modern, chic, vintage romance, classic, edgy, rustic or an eclectic mix of organic elements we consider every aspect with meticulous focus on the details of design.

Down to the Basics

We will make suggestions on the linens, chairs and lighting with every floral consultation and begin a communication with the rentals companies at no cost to you. It is important to make sure every event is well thought out and completes the story of your vision. The shoes should match the dress.
