

EDGEWOOD MANSION

WEDDING GUIDE
2025-2026

Vogue

“Here’s a new chic country getaway a mere hour and a half away from the city—or less, if you decide to take the seaplane that lands on the Hudson River. It’s an idyllic place for leisurely pursuits: 100 bucolic acres ... archery... croquet... fire pits, hiking... and an outdoor yoga studio.”

Travel & Leisure

“Hutton Brickyards is an incredible 100-acre adult playground on the banks of the Hudson River, set on the now-spruced-up grounds of an actual foundry, about a two-hour drive from NYC.”

House Beautiful

“Calling dibs among my friends for a wedding venue but would recommend for a weekend upstate getaway in a heartbeat.”

InsideHook

“A standout on the event space scene (who doesn’t love an Upstate wedding?)... Edgewood is set on a quiet and totally secluded hilltop overlooking the river. It feels more like a stay at an old friend’s house than anything else — assuming said friend has recently come into an inheritance in the form of a 19th century mansion and has exceedingly good taste in décor.”
