CaptureME Photo Booth was amazing at our wedding in August at Ellis Ranch!! Our guests had so much fun taking pictures and we loved looking back at the flash drive we got with all the pictures that were taken on our special day. Definitely recommend them and hope to use again for another special event in the future!!

CaptureME Photo Booth was the best I have ever seen at a wedding! They are very friendly and professional! They brought endless options for fun photos! Thank you for making our guest feel welcomed and ensuring everyone had a great time!

Such a fun and amazing attraction to have at your wedding!! My husband and I's family's couldn't stop taking pictures at our wedding! Everyone loved the photo booth and if you're thinking of getting one definitely use CaptureME they are incredible!!

We loved using the Photo Booth for our wedding. My brothers wedding had this a few years ago and they were wonderful and I knew we wanted them at our wedding some day. They have so many great props and it prints out copies for you and your guest to take home. Jess is so easy to work with. Highly recommend!

# Why Choose CaptureME Photo Booth?

When it comes to your special event, quality and experience should never be compromised. Many DJs and photographers offer photo booths as an add-on, but their primary focus remains on their core service. Unfortunately, this often jeopardizes the quality and attention to detail along with the experience that you and your guests deserve.

At CaptureME Photo Booth, we specialize exclusively in providing an exceptional photo booth experience. From the very start, you'll know exactly who is working your event, ensuring a personal, tailored approach to meet your unique needs. Our commitment to building trust and delivering high-quality service, truly sets us apart.

Why settle for an add-on service when you can have a dedicated professional? When quality matters, choose CaptureME Photo Booth for all your photo booth needs.
