TENTICKLE

TENTICKLE is recognized as the most innovative and world-leading company in the manufacturing, rental, and sale of Bedouin tents.

With +20 years of experience, expertise, and constant innovation, we develop spectacular solutions for events, festivals, and semi-permanent installations.

With personalized service, we ensure that the experience with us is memorable from start to finish.

Enjoy #TentickleExperience

Why choose TENTICKLE?

It is a unique product in the market, with proven global success, becoming the most sought-after choice for any kind of celebration or event. They are a symbol of cutting-edge architecture and style that provide high visual quality, transforming any place and space into a distinct and special atmosphere.

TENTICKLEStretch Tents are infinitely versatile and elegant.

Security & COMFORT

In addition to aesthetic quality, our tents meet international standards for structural and fire safety. Thanks to their 100% waterproof fabric, they have exceptional weather resistance.

Additionally, their thermal fabric makes them perfect for any environment and climate, creating a very pleasant sensation inside the tent, ideal for events in tropical climates. With their ease and speed of assembly and disassembly, combined with the latest technology, we can offer the best option for both small events and mega festivals, ensuring a unique and comfortable experience for everyone.

Variety ZES

We have a wide variety of sizes that allow them to be joined together, achieving large covered areas without affecting their aesthetics.

^{*}The capacities are estimated values and vary depending on how the tent is assembled, the furniture used, the decoration, additional structures and distance between the furniture. The mentioned capacities consider the tent with all its sides open. Inquire about larger sizes, other possible combinations, or different colors.

Versatility IN ASSEMBLY

One tent, multiple Smales. Thanks to its stretchable fabric, its morphology can

Thanks to its stretchable fabric, its morphogy can vary according to the need, type of event, and/or can be integrated with pre-existing fixed structures on-site. It can be set up on uneven ground, adapting to the existing terrain, such as slopes or hills.

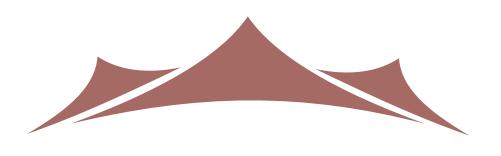

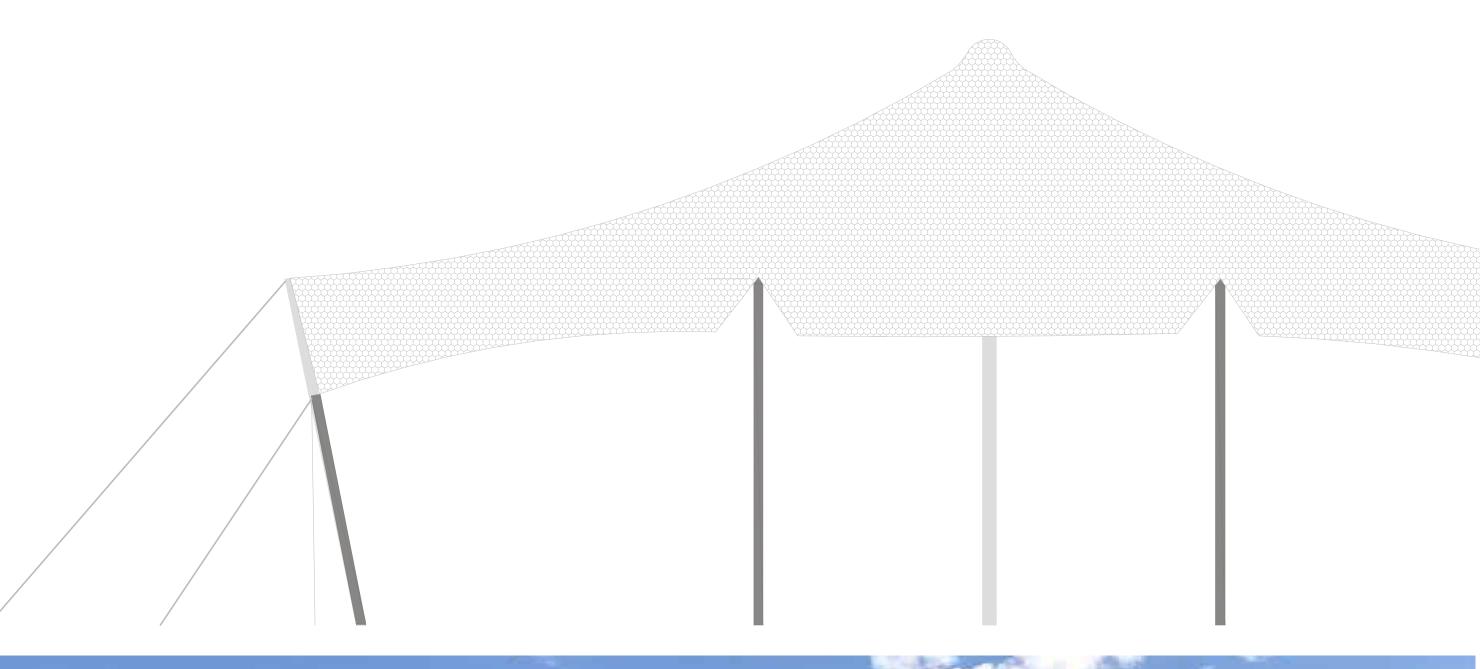

4 CORNERS UP FORMAT

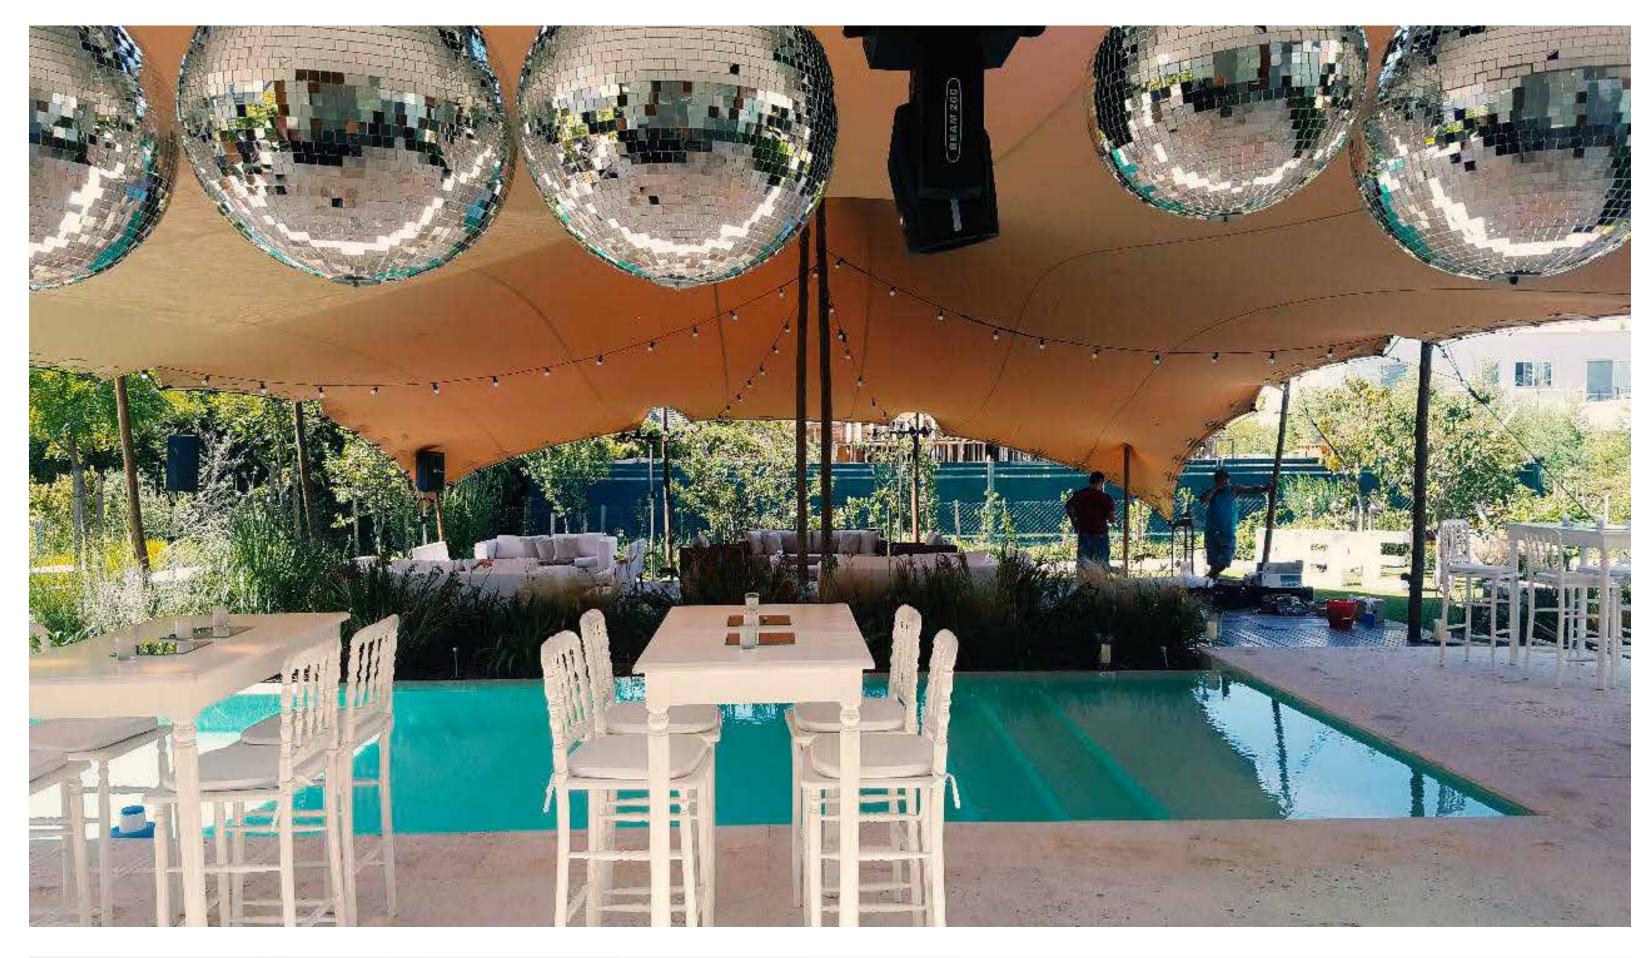

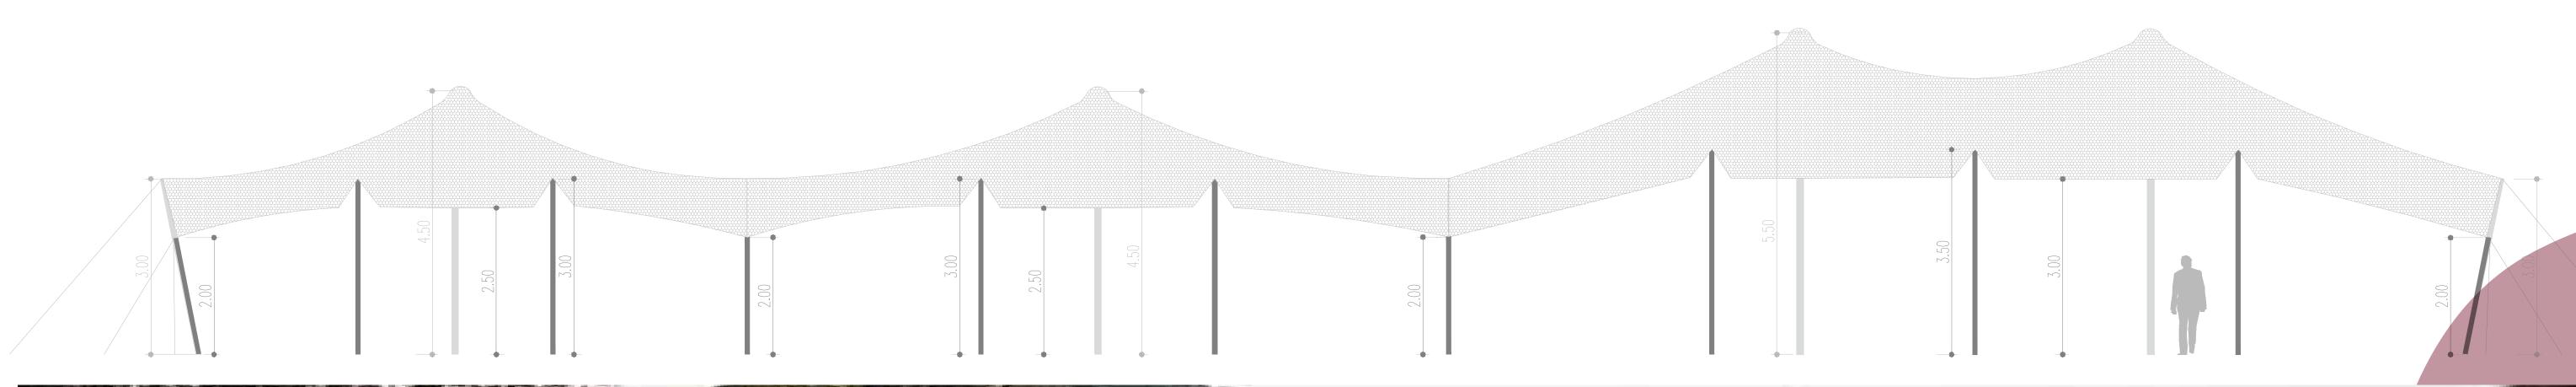

All our tents include Clear Sidewalls to achieve a more protected environment from cold, wind, or storms. They were developed exclusively for our tent models and dimensions.

Does your Tentickle Tent lack an outdoor space?

Shade nets ensure perfect shade with unmatched style.
