

SAINT ELLE

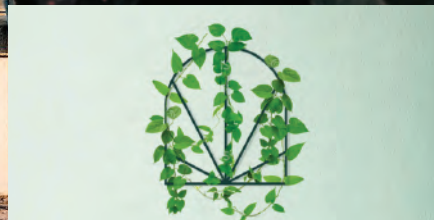

We created an oasis so you can get
lost in a moment.

SAINT^{ELLE}

From the owners/creators of the Cordelle in downtown Nashville (Nealy Glenn, Chandra Watson & Leigh Watson) comes the newest addition to the event space landscape, Saint Elle.

Less than 2 miles south of Broadway, Saint Elle is located in the flourishing neighborhood of Wedgewood Houston. Home to the new Soho House and Apple Music, they join an elite group of entrepreneurs that are revitalizing the area, continuing their passion for saving architecturally significant structures and ushering in a new chapter for this historically valuable neighborhood.

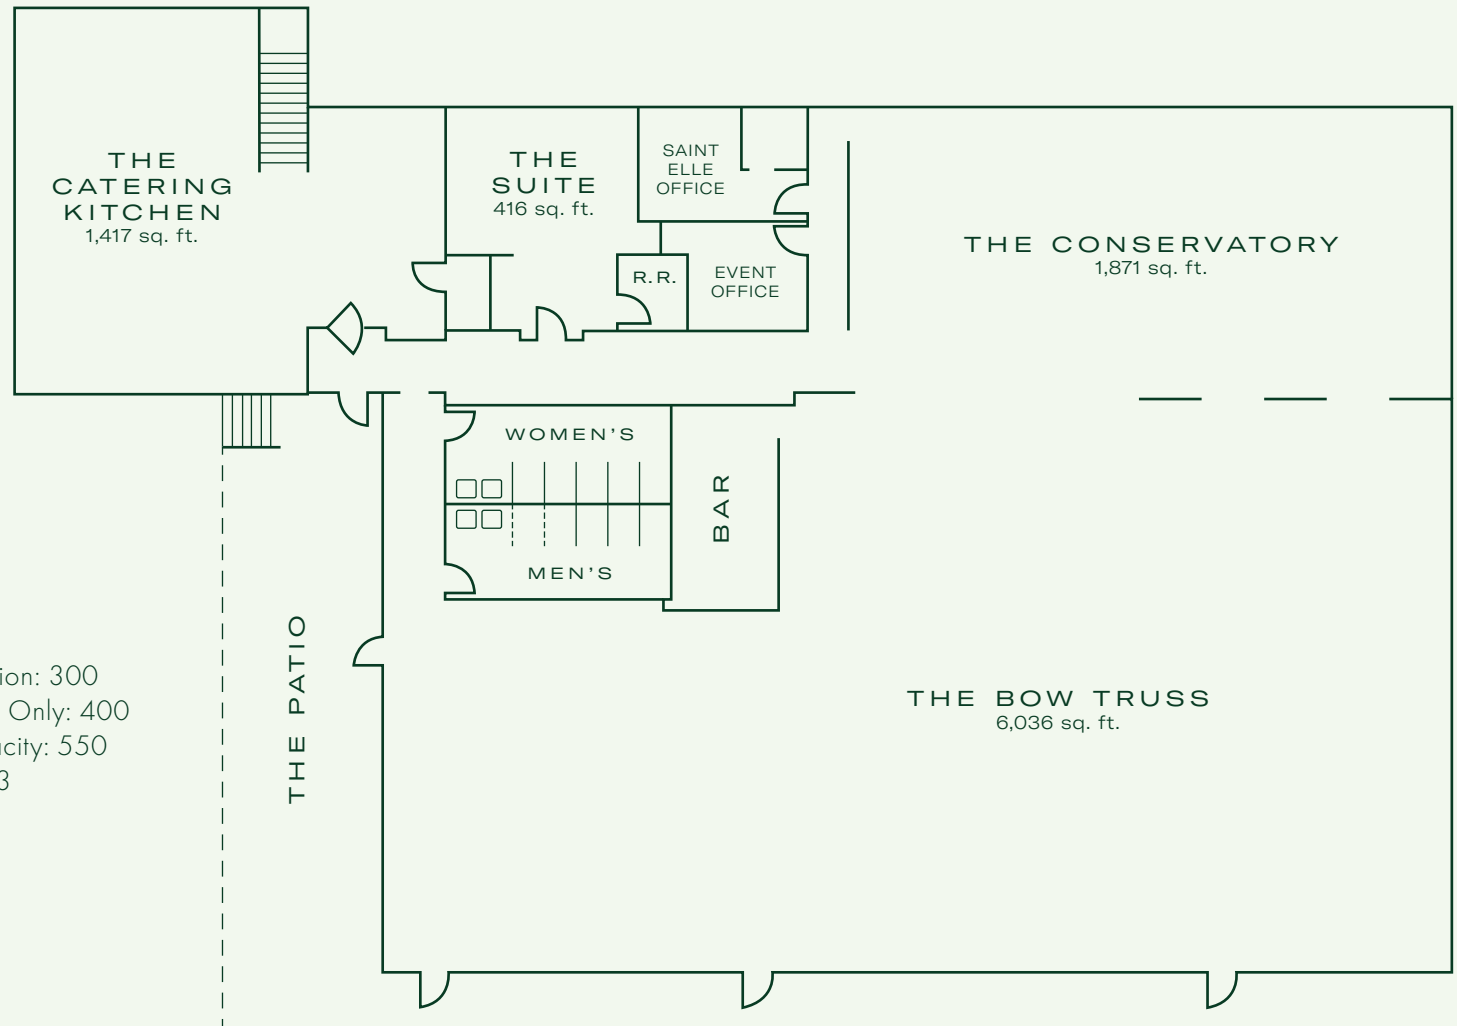

Saint Elle will transport guests — using natural light, greenery and hospitality to create an oasis. The architecture of the 1950's bow truss building, along with the personality infused by the creators, will lay the foundation for individual expression. Thoughtful service will ensure guests feel cared for from the first drink to the last dance.

THE SPACE

Saint Elle boasts 8,000 square feet of open venue space filled with natural light and a focus on fresh, modern touches which compliment architecture. The venue floor plan is all on one level which creates a seamless flow throughout the space for vendors, planners and clients.

CAPACITIES

Seated Ceremony + Reception: 300
Seated Wedding Reception Only: 400
Seated (Entire Venue) Capacity: 550
Standing (Entire Venue): 683
Standing Patio Space: 165

THE SPACE

THE BOW TRUSS

Built in the 1950's, this bowstring structure is one of Nashville's classic buildings. With humble beginnings in manufacturing, The Bow Truss' arched roofline allows endless points to rig lighting, florals and design features for your event. Saint Elle's permanent bar area is conveniently located in The Bow Truss and its beautifully unique, efficient design allows for multiple bartenders & stations to service the event, accommodating patrons with ease. Vendors and guests can enter the 6000 sq/ft area via the front entrance, easily accessed by our parking area, or just off the 1000 sq/ft patio through our glass roll-up door. The roll-up door is ideal for loading in oversized soft seating and large event installations.

THE CONSERVATORY

The Conservatory works right along side The Bow Truss adding an additional 1870 sq/ft that can be used in tandem or independently. The floor to ceiling windows and view of the treetops bring the outdoors in, while an array of interior foliage compliments this temperature controlled oasis. The Conservatory gives direct access to our Event Planner office and Saint Elle Site Manager office. The Event Planner office allows the planner and their staff a pop-up office to set up workstations and to step away from the action to prepare for the next reveal.

THE SUITE

The Suite offers a stylish spot to sit back and relax before the BIG event begins. It is the perfect area for host or guest of honor to prep & primp before they join the party. Other amenities include a private restroom, "salon-like" vanity area and wet bar outfitted with glassware, plateware, coffee maker, etc.

THE CATERING KITCHEN

Located on the main floor of the venue, the 1400 sq/ft open floor plan Catering Kitchen offers direct access to The Patio, The Bow Truss, The Conservatory and The Suite. Amenities include double door commercial fridge, double basin commercial sink, dedicated power for steamers/warmers, coffee makers, etc.

THE PATIO

Partially covered with direct access into The Bow Truss, this 1000 sq/ft outdoor area gives guests the opportunity to step out and enjoy the Nashville nights while the large glass windows give them a perfect P.O.V. of the action.

Additional areas include elegantly appointed restrooms and onsite parking.
