ABOUT THE SPACE

"Verve has quickly become my home away from home for hosting events. I have hosted a range of events from small dinner parties, to board meetings to a 50 person sit down dinner. The bar and the dining room are gorgeous. The staff is so welcoming and are quick to accommodate any special requests. I love that you can set up the room in any format. Also, our private chef and caterers love having access to a true commercial kitchen. This will always be my go to spot!"
