HOSTE

FAQ

Can you accommodate a ceremony followed by reception?

Yes, we have room for the ceremony in the main space and our events team can flip to a seated dinner or cocktail-style while guests can mingle in the gallery or receive a private tour & tasting in the production space. There is also a private room off the main space that can be used as a secure green room.

Can we have our rehearsal in the space?

With sufficient advance notice and planned coordination, absolutely.

Can we decorate?

Décor is up to you! We just ask that there's no helium balloons, glitter, foil or paper confetti. Candles are permitted but must be self-contained with no open flames to prevent wax from dripping and pooling on the furniture and floors. You are responsible for set up and tear down. If any décor requires ladders or equipment of any kind, a licensed professional must do the work

Are you wheelchair accessible?

Yes.

Can I bring my own music?

Yes! We will host anything from a live band, a DJ, or a Spotify playlist.

Do you have an outdoor space?

We do not.

When's last call??

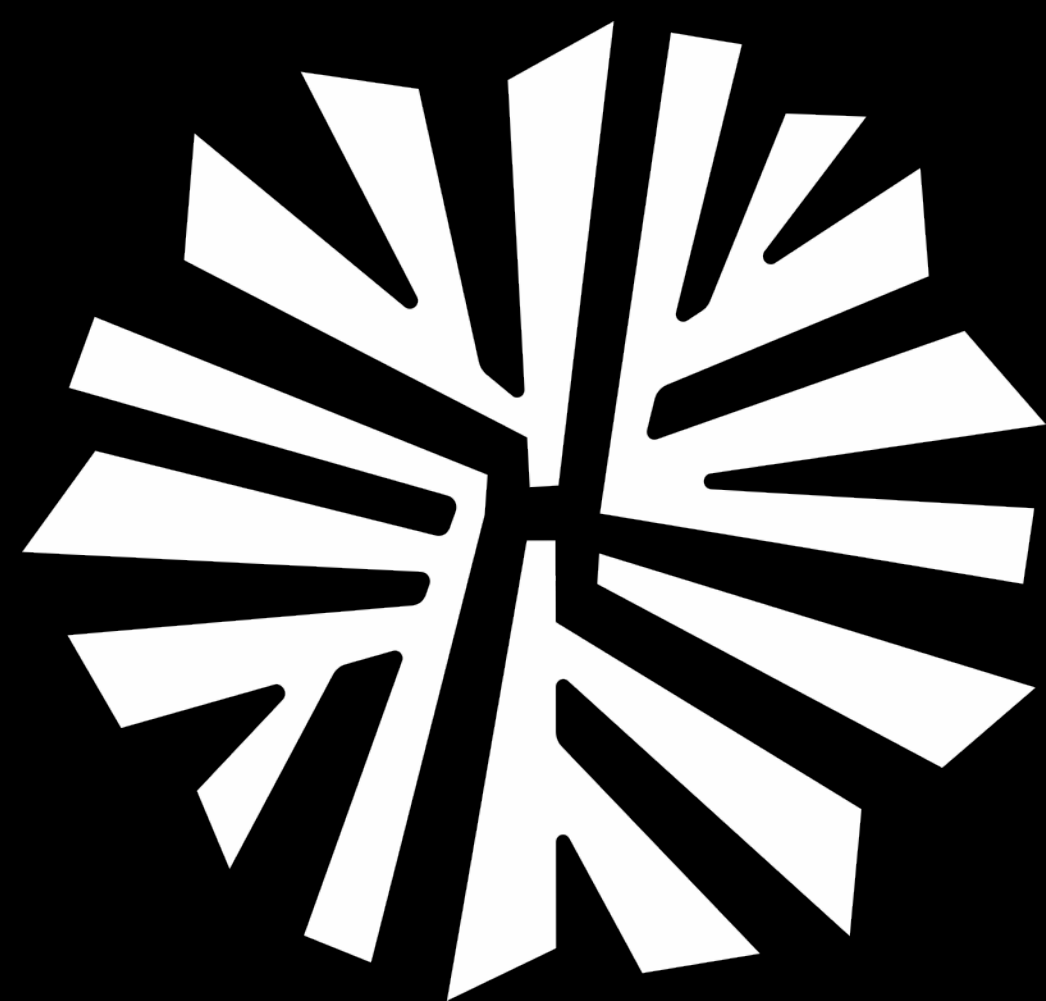

We last call 30 min before your events ends. All events end no later than 11pm SHARP.

Can I bring my pets?

As much as we love our furry friends, unfortunately we have to say no since we are a production facility.

What is the parking situation?

We encourage the use of group transport services (e.g., private bus). We can reserve up to two dedicated parking spots upon request. Public street parking is available
