THE EXPERIENCE

Your wedding day will unfold in a series of once-in-a-lifetime moments — soft glances, quiet excitement, the deep joy of being surrounded by those you love most. These aren't just memories. They become your legacy.

That's why choosing the right photographer is about more than just images. It's about finding someone who sees you, understands your vision, and makes you feel completely at ease. Someone who will preserve not just how your day looked, but how it felt.

From the first conversation to the final gallery, I'm here to create an experience that's seamless, thoughtful, and deeply personal — so you can be fully present, knowing your love is being documented with care and artistry.

MY APPROACH

My approach is rooted in the belief that your wedding should feel deeply personal — a reflection of who you are and what matters most to you. I'm here to help you preserve that truth with honesty, elegance, and heart.

Great storytelling doesn't just capture what a wedding looks like — it captures what it feels like. The quiet anticipation. The spontaneous joy. The laughter through tears. The radiance of love that lingers long after the last dance.

I work with couples who value intentionality, artistry, and genuine connection — those who want more than beautiful images... they want a meaningful experience and heirlooms that will tell their story for generations.

MY STYLE

Genuine. Sincere. Eternal.

These aren't just words — they're the foundation of how I see and document love. My work is guided by intention, rooted in honesty, and shaped by a deep respect for the moments that matter most.

I aim to create images that feel as true decades from now as they did the day they were taken — timeless reflections of your connection, your joy, and the quiet in-between moments that make your story yours.

TESTIMONIALS

"I can't speak more highly of Frances! She is the absolute best. She photographed my wedding and we are obsessed with how the photos turned out. Frances is upbeat, professional, efficient, and very talented. She put me, my husband, our families, and my bridal party at ease throughout the day. She captured very funny, emotional, and intimate moments that we will cherish forever. We still have a hard time picking which photos are my favorite. Also, Frances worked very well with the venue and our wedding planner. Everything went so smoothly. It was the perfect day thanks to Frances!"

TESTIMONIALS

“We were so lucky to have Frances shoot our wedding! She captured the mood and feel of the day like I’ve never before seen in a set of wedding photos – in fact, everyone who has seen them said they feel as though they were there and could hear us laughing. She was able to mingle among the crowd and shoot in a way that was intimate but completely un-intrusive.

I think the pictures came out beautifully and the turn-around was much faster that I had even dreamed of. I’ll definitely be keeping her number handy!”

-Rachel, Bride

TESTIMONIALS

“Frances was a wonderful addition to our rehearsal dinner, capturing every moment of such a special event. She is extremely professional, listening and adhering to all of our requests. She has a detailed and creative eye that took pictures of moments we would have never noticed or appreciated. She not only managed to capture the atmosphere but emotion of all of our friends and families being together.

She is extremely talented and I will definitely be hiring her as our photographer for future celebrations.”
