Kind WORDS

from our happy clients....

We couldn't be more thrilled with how well our event went, thanks to the team at Adorn! They were on time, communicated well and jumped in to solve any and all problems. We will be recommending them to our friends and family!

-Katie R.

I never thought I wanted a wedding, so I never gave any thought to venues, flowers, design, or anything else involved in planning one. Then I met the love of my life and knew I wanted to share our union with all of our friends and family. The only thing was that I had no idea what I wanted or where to start. Amber stepped in and immediately provided direction and advice, helping me develop my dream wedding, which I never thought existed. Adorn has been a guiding light through this process.

Frequently ASKED QUESTIONS

How far in advance should we book you?

We recommend booking as early as possible. This ensures availability and gives us ample time to secure top vendors and venues that align with your vision.

Do you handle vendor contracts and negotiations?

Yes! For full-service planning, we'll recommend and book trusted vendors, negotiate contracts on your behalf, and handle all communication.

For day-of coordination, we confirm vendor details and ensure everything aligns with your vision.

How involved will we be in the planning process?

That's entirely up to you! We work with couples who want to be involved in every detail, as well as those who prefer to take a step back. We'll keep you updated and seek your input on key decisions.

What's the difference between full-service planning and day-of coordination?

Full-service planning guides you from the very beginning, including budgeting, vendor selection, and design. Day-of coordination focuses on managing logistics and vendor coordination on the wedding day to ensure everything runs smoothly.

Frequently ASKED QUESTIONS

Do you plan destination weddings?

Yes, we love planning destination weddings! We'll handle the logistics, vendor sourcing, and ensure a seamless experience for you and your guests, regardless of location.

How many meetings will we have throughout the process?

We typically schedule milestone meetings based on the level of service you choose. For full-service planning, expect monthly updates, design meetings, and walkthroughs. Day-of coordination includes a final review meeting before the wedding.

Do you have backup plans for unexpected issues?

Absolutely. We are proactive planners and always prepare a backup plan for emergencies, whether it's unexpected weather, vendor delays, or other unforeseen issues.

How do you ensure our wedding reflects our style and vision?

We begin with a detailed consultation and client questionnaire to understand your preferences. From there, we develop a custom design board and source vendors who align with your aesthetic, making sure every detail reflects your unique style.

Will you be there on our wedding day?

Yes! Our lead planner and team will be present to oversee setup, coordinate vendors, manage the timeline, and ensure everything runs seamlessly so you can relax and enjoy the day.
