Tucked in the heart of NoHo, Triangle Loft is a stunning 7,400-square-foot event space that redefines the loft experience. Lush live greenery weaves through the venue, softening its industrial edge and creating a serene, indoor-outdoor atmosphere. At its heart, a custom-built reclaimed wood bar anchors the space—warm, inviting, and sustainably designed. Whether you're hosting a chef-led dinner or want a seamless backdrop for catering, the space adapts effortlessly. From intimate gatherings to immersive brand activations, Triangle Loft feels like a secret garden in the sky.

Our rooftop is a garden filled with botanicals and ponds, an open fire pit, water walls and water towers, a green oasis atop our building, where various types of flora, shrubs, flowers, and small trees, create a lush, natural environment. This space not only adds aesthetic beauty and tranquility but also improves the earth's air quality. It's an urban escape that promotes sustainability and a rooted connection to nature in a typically concrete setting.

# Drinks & Foods

Our food offerings range from talented in-house culinary team, private chefs and trusted off-premise caterers to our allowing for a versatile and personalized dining experience. We emphasize wholesome, high-quality ingredients with thoughtfully layered flavor profiles, often enhanced by herbs harvested from our rooftop garden. When food is not consumed, it doesn't go to waste—we share it with our team, their families, and our neighbors. Any remaining scraps are composted with care. We're proud to maintain a food waste rate of less than 1%, reflecting our deep commitment to sustainability and community.
