

## About Us

**My name is Anna, and Atelier of Dreams & Desires is my newly established event agency in Miami, FL. I have over 10 years of professional experience bringing incredible events to life. Using creativity and expertise, I aim to exceed every expectation, turning each desire into a reality you and your guests will remember forever.**

**I am always been passionate about hosting celebrations, with a unique knack for organizing events. Starting out, I used my skills to plan birthday parties and celebratory gatherings for my friends and family.**

**After earning my economics degree and moving to New York, I began developing my career in the entertainment and hospitality industries. Working up from hostessing, I quickly earned the role of PR Manager and later Events Manager in various venues within the city.**

**Throughout my later over 4 years experience of being an assigned leading event manager in one of the biggest NYC catering hall, I have organized 200 to 250 events per year.**

**I recently moved to Miami and am eager to bring my expertise to coordinating breathtaking weddings in the area. In Atelier of Dreams & Desires me and my team offer comprehensive wedding planning services. This includes guidance on venue selection and location planning, assisting couples in choosing vendors and catering services, coordinating entertainment and ensuring each element of your celebration is impeccably executed.**
