

SUNSHINE SENTIMENTS

ADVENTURE, STORYTELLING & *heartfelt* EMOTIONS

Hello!

I'm Jena - a romantic, heartfelt photographer and videographer rooted in connection and creativity. I'm the heart and soul behind Sunshine Sentiments, a name inspired by my dad's nickname for me, and the light he brought into my life.

For me, photography is so much more than just taking pictures. It's about preserving the moments that truly matter- the small, quiet gestures and the big, joyful celebrations.

I pour my heart into capturing not just what the day looks like, but what it feels like, so you can hold onto those emotions for a lifetime.

I'm here to create images & films that resonate with the soul and become heirlooms, reminding you of the beauty and depth of your story.

Meet Jordan

My husband, and the other half of this wedding photographer and videographer duo! When you book a photo and video package with us, he is typically the one behind the videography camera!

When Jordan's not busy working his full time job or capturing your memories alongside me, he is either snowboarding, traveling, or snuggling our pets. Jordan loves good wine, seeing new places and busting a move with our couples on the dancefloor!

Together, we bring the vibes, creativity, and support our couples love to have on their big day.

How it works.

Step one.

- Get in touch with me! Tell me about yourselves, your love story, and the amazing vision you have. I will be in touch within 48 hours.

Step two.

- We set up a zoom call so we can get to know each other a bit better! Connection is huge to me. I want you to vibe with me and tell me all about your hopes and dreams for your big day. We'll talk about your dogs and their funny quirks all while going over your dream wedding day.

Step three.

- You sign your contract and submit your retainer, and you'll be official! If your package includes an engagement session, I will send over a style guide and we will collaborate on your vision.
- One-two months out from your big day, we will have another planning call to go over your timeline and shot list and all the most important, intricate details of your wedding day.

Step four.

- The big day! All the planning and excitement will finally be here. Following the timeline and the plan put in place, we will get to experience your day together, celebrating you every moment of the day, capturing all the details you worked on and all the moments you'll cherish forever in a documentary view.

Step five.

- Delivering the goods. Sneak peeks get delivered within 48 hours, full wedding gallery is delivered with 8-12 weeks, while your final film, if included, is delivered within 3-4 months.

Step six.

- Let's stay friends! I want to support your lives as newlyweds and celebrate you every year on your anniversary!

*You deserve someone who is
just as invested as you are.*

When you book with us, you're gaining so much more than your average wedding photographer and videographer. You're getting a creative team that is just as excited about your wedding as you! A team that is down to make your day as fun and stress free and comfortable as possible. A team that you can rely on, lean on, and look to for support. In short, we become friends that support you way before and long after your big day.

Kind words.

"Literally the best photography team ever!! She was so perfect in communication, seeing my vision, and making my day feel so special! From the beginning process to the final results, nothing felt forced, she made us feel like the most important couple in the world. Even going along with my crazy ideas... I am so so glad I booked Sunshine Sentiments and highly recommend getting the second shooter so you have this amazing couple on your wedding day!

Thank you!"

LET'S GET DOWN TO THE

Nitty Gritty

Once you have chosen your package, booking is simple:

I will need you and your lover's full name, email addresses, and a home address for your contract. Once it has been signed, and you've submitted your 30% non-refundable retainer, you are officially booked!

If your package includes an engagement session, we pick a date, time, and location for that.

Turn around time for engagement photos is 2-3 weeks; wedding galleries get delivered typically within 8 weeks, but please allow up to 12 weeks during busy season.

Sneak peeks are delivered within 48 hours.

Custom payment plans are available upon request.

Travel fees may apply for locations 100+miles away from our home base.

I'm your hype-woman, your paparazzi, and BFF leading up to AND on your big day- so if you have any questions or if there is anything you need in the meantime, just let me know!

I can't wait to celebrate you!

A last note from me to you...

I already know that your love is something special. It's the kind of love that deserves to be remembered just as it is: raw, real, and beautifully yours. And that's exactly what I'm here for.

From the moment you reach out, I'm all in. I'll be your biggest fan, your honorary third wheel, and the storyteller who sees the magic in your in-between moments. Your joy, your tears, the way your fingers intertwine, I want to capture it all in a way that feels like you.

So, tell me everything. How you met, the way they make you laugh, where your heart feels most at home. I'm already so excited to get to know you and create something that will let you relive these moments for a lifetime. Something truly sentimental.

*xoxo,
Jena*
