We make sure your day reflects you.

Whether you have a large established family tree and you're starting your own branch, or you're planting the first seeds of your own family. Marriage is about celebrating life's journey and building memories.

Our team is focused on helping you create a genuine, unique wedding. Our passion lives in the details. We believe in emotional design to capture your relationship and turn your event into a life experience both you and your guests won't forget.

Somewhere along the way...

We discovered it's about getting to know people. That connecting, sharing, and laughing with others is what charges our hearts and sparks our creative side. We deeply appreciate that we get to combine our love for connecting with becoming a part of an intimate and profound life event. What typically starts over a cup of coffee usually ends with fits of laughter and tears down our cheeks as we get to know wonderful couples and their stories, experiencing firsthand what lead them to the aisle.

MAG Events has been in the events and wedding coordination industry for more than 20 years. A recipient of numerous acknowledgments from The Knot, Zola, Rocky Mountain Bride, and Wedding Wars to name a few. Trust us to provide you with:

- Professional and well-trained event coordinators and assistants who will conceptualize, organize, and manage your wedding.
- Responsive, complete, and quality service.
- Creative and unique event design.
