Cory & Gia

For Modern Families Seeking Stylish, Creative & Timeless Event and Portrait Photography

Meet Cory

I know how fast time flies! It feels like just yesterday I was saying "I do" - now here we are buying elementary school backpacks and watching my kids grow like weeds! I am a big believer in the importance of heirlooms, and the power of photography for all the important moments of your life. And I adore getting to document love stories for generations to come. I love every part of my job because of the wonderful families I get to meet throughout the photography process and beyond!

Meet Gia

I'm a hopeful romantic and I love a good story unfolding through my lens. My obsession with details and my big heart for people help to bring an inquisitive eye and honest approach to my work. I believe in living life to the fullest - embracing every minute of the chaos and the quiet. That's what drives my passion for event and family photography. I get to stop time for you, so you can re-live these precious moments again and again.

WHAT TO EXPECT: ALBUM DESIGN

1. You will begin by filling out our album questionnaire. You will have the opportunity to specify all of your album preference and begin “favoriting” all the images to be included in your album. You have the option to choose the photos yourself, or have us handle the first draft ourselves if you feel overwhelmed with the prospect!

2. Once your first album draft is completed, you will receive an emailed link to your online design. You will submit your revision requests via Zoom or email, and you will receive an updated draft with your changes. You have unlimited design revisions until you are 100% happy!

3. Once you approve your design, we send the album off to print in our professional photo lab. In approximately 4 weeks, your album will be delivered right to your doorstep to enjoy for years to come!

DEBOSSING

We offer three tiers of debossing for personalizing your covers. Standard Debossing includes 14 plain text options on up to two lines; the Debossing Collection offers 16 premade and semi-custom designs; and, Custom Debossing offers the freedom to submit any unique design, in a small or a large size - small designs measure 4x2 inches and large designs measure 7x3 inches.

Blind debossing is our default style of debossing, which means no color or foil is added to the impression. Foil debossing is available on Classic Linen, Luxe Linen, Luxe Leather, Vegan Leather and Vegan Suede covers, in gold, rose gold, and silver.

MOONSTONE

Note: Some cover materials deboss more clearly than others. For materials that are hard to deboss, we recommend using a cameo instead.

DEBOSSING

STANDARD DEBOSSING

Standard debossing is our base-level debossing option. We offer 14 font types, and you can choose up to two lines of text and any letter case of your choice.

16 pre-made designs. Options include script fonts, bold fonts, and various unique design elements.

DEBOSSING

CUSTOM DEBOSSING

For a truly unique cover, you can create a custom die for each album on your own, using your favorite design program (Photoshop, InDesign, Canva, etc.). This is a great way to use the same font or design elements from your branding, or for couples who have custom design elements from their wedding (invitations, programs, etc.).

We offer two sizes for custom debossing – small design carvases measure 4in w x 2in and large designs measure 7in w x 3in h – and five placement options.

For help getting started with your design, download our Custom Debossing Photoshop Templates or watch our Custom Debossing Video Tutorial. These resources and more are available within your account.

RAIN

SUEDE DRIFTWOOD

NOTE: The best Custom Debossing designs are made from clean, clear lines. Please avoid painterly designs, as they can come across as messy and muddy. And, be cautious when using extra thin fonts, as they can be difficult to read on materials with more textures, like Luxe Linens and Fabrics.
