# TESTIMONIALS

All I have to say is that this venue and team are incredible! Everything from service, to the food, to housekeeping was excellent. The staff were kind and accommodating, and the evening went off without a hitch! (exceptus, wegothitched)

We had our wedding at Twickenham House in June 2024 and it was an incredible place to get married! From the moment we visited the venue, I knew it was where I wanted to get married. The views from the ceremony site are absolutely stunning and took my breath away as I looked out and imagined getting married at that exact spot. Additionally, the on-site accommodations were a seller for us as we knew we would have several wedding party members and family coming from out-of-state. The on-site accommodations have unique rooms, a movie theater and even a billiards room! During the wedding weekend, it was amazing to have a place to hang out with family and friends we don't see often. Our guests also commented that they loved the setting of our wedding.

My husband and I got married at Twickenham in June and our wedding weekend was perfect! The venue is absolutely beautiful and I loved that close family and our bridal party were able to stay at the venue. It was so special getting to spend the entire weekend with all of my friends, plus we didn't have to worry about having to find anyone- and we had a large wedding party. Our family and friends were all so impressed with the venue and the amenities there. We hosted my bride's luncheon and the rehearsal dinner at Twickenham as well. Morchella catered each event and the food was amazing- we got so many compliments on the food at our reception. It makes a huge difference having in-house catering!

Our family had the most amazing time at my sister's wedding at Twickenham House! The house was beautiful, the staff were incredibly kind and accommodating and the grounds and views were unmatched. I can only hope I'll be back someday!
