PRICING GUIDE — Nebraska & Wisconsin

### RECEPTION PACKAGES

#### DELUXE VIBES EXPERIENCE

**\$1,800**

People choose this package for two reasons.

One, you get one of our top 10 DJs — real DJs with nightclub and hotel residencies, award winners (including 'Best DJ' from the Omaha Entertainment & Arts Awards), and names that wedding planners request specifically because of the fire work they've seen them do.

Two, you pick who you want (based on availability) and work with them directly from day one. The value is knowing exactly who you're getting — and knowing they're one of the best in the business.

#### FRIEND OF THE BUDGET

**\$1,500**

Simply a great DJ for a great price. We partnered with Ben & Ashley at Image Entertainment to expand our DJ pool. Their vetting and training program covers mixing skills, mic etiquette, and general vibe. Not all pass the test.

Why book through us instead of going directly to them? Because you're saying: 'We want an awesome DJ AND the alternative wedding energy we saw on this site.' You'll work with Ben & Ashley on details and vibe — Ben picks your DJ and you'll be introduced as your date gets closer.

Not a deluxe DJ, but the proof is in the pudding — we've maintained all 5-star reviews since 2017.

## CEREMONY

### CEREMONY SOUND & DJ

**\$400**

No venue sound? No problem. We bring the speakers, mics, and a real human to run it all. Music cued at the right moments, everyone can hear what's being said, and if you have live musicians we'll coordinate with them too.

- Sound: 1-2 full-range powered speakers with mixer
- Talk: Wireless & corded mic (lapel optional with surcharge)
- Supervision: Dedicated sound person for the ceremony

---

### TRAVEL FEE

*If your wedding is outside of Greater Omaha or Lincoln, a \$1.50/mile travel fee may apply. We'll let you know before booking — not counted toward the deposit, and not due until the day of your wedding.*

## ADD-ONS

### LIVE SAXOPHONIST

**\$500**

Takes your dancefloor from 'this is fun' to 'wait, is this a music video?' Our saxophonist reads the room, jumps in at the right moments, and elevates whatever your DJ is mixing. Soulful highlights during key moments and hype riffs during party hour.

- 2-hour live set
- Works alongside your DJ seamlessly
- Reads the room — not just background music
- Flat rate, no surprises

### COLD SPARKS

**\$375**

Two sparks machines, safe for indoors, timed to the music. The go-to add-on when you want a moment to actually hit harder. They look unreal in photos and video.

- Two cold sparks machines
- Indoor safe
- Timed to the music
- Looks incredible in photos & video
