WEST LA

Design

Hotel June seamlessly merges the past and present — pairing mid-century nostalgia with coastal minimalism, all set in a classic Westside building designed by renowned LA architect Welfon Becket. With modern interiors by the award-winning Studio Collective, Hotel June is at once airy and cozy, blending clean lines and warm natural woods, earthy finishes, and custom furnishings.

“The new Hotel June is a dreamy oasis with every detail perfected to please.”

– LOCALE MAGAZINE

Rooms & Suites

The 250 modern rooms and suites offer sweeping city and coastal views that range from Downtown L.A. to the Pacific Ocean. Cozy rooms feature modern interiors with a relaxed beach-living vibe paired with custom white oak platform beds, Simmons Felicity mattresses, Fili D'oro fine luxury linens, and side tables that easily transition into remote working setups. Considered touches include LED lighting, Aesop bath products, and expansive noise-cancelling windows that allow the California golden light to stream in.

Neighborhood

Our prime location is minutes away from everywhere you want to be on LA's Westside — five minutes to Playa Del Rey Beach, Playa Vista (Silicon Beach), Otis College of Art and Design, and Loyola Marymount University, and ten minutes to Venice, Marina Del Rey, and Culver City. Whether you're headed to the beach, a show at The Forum, or a game at the nearby SoFi NFL stadium, our location allows for ease in traveling around the city and easy access to a range of restaurants, boutiques, and parks within walking distance.

Eat & Drink

Hotel June is home to two on-site restaurants helmed by Steve Livigni from award-winning Scopa, with menus inspired by a culinary road trip from Santa Barbara to Northern Baja, Mexico. The breezy Caravan Swim Club is our outdoor gathering place for everything from cabana drinks to fire pit gatherings, creative meetings to laid-back lounging. Spend the day by the pool enjoying cocktails and music or relax on the elevated terrace — and pair it all with our menu of seasonal snacks and refreshing cocktails. Scenic Route, our all-day lobby restaurant, is where Mexico-meets-Cali favorites like fish tacos, organic burgers, and fresh salads are paired with beverages from our favorite natural winemakers, craft breweries, and small distilleries.

“Caravan Swim Club offers vibrant dishes that are fitting for the vibey poolside setting. It’s ideal for all-day lounging, cabana drinks and firepit gatherings.”
