Event Rentals in the 2026 Season

## *Welcome to the Moore House Minneapolis*

The Moore House Minneapolis is the perfect spot for an intimate, elevated experience. Originally designed and built in 1892 by Minneapolis architect Edward Somerby Stebbins, the house is locally known as the “Mary Tyler Moore House”. The exterior facade was used for Mary’s apartment at the fictitious 119 North Weatherly address; opening credits show Mary leaving home heading to WJM-TV. Whether it’s nostalgia for the “Mary Tyler Moore Show” or looking for a classic historic backdrop to host an event, we’re happy you’re here.

An intimate, elevated historic event experience in the heart of Minneapolis.
