

CELEBRATIONS TO REMEMBER

Weddings

AT SALTERRA RESORT AND SPA

Days of ceremony, celebration, and stillness —
with refined cuisine, a tailored ceremony,
and every detail quietly handled.

TURKS AND CAICOS, UNDISCOVERED

Salterra Resort & Spa sits on the quieter, wilder edge of the Turks and Caicos Islands — South Caicos, an island still shaped by its salt harvesting past, its fishing culture, and some of the most pristine reef in the Atlantic. It is the only Luxury Collection property in the destination, and one of the few resorts in the Caribbean where the surrounding environment genuinely drives the guest experience.

South Caicos is one of the last untouched islands in the Caribbean.

The resort has the capacity for **500 guests** with three pools, and 3,000 feet of private beach. Six distinct dining outlets serve as a full culinary program: Brine, Regatta, Cobo Bar & Grill, Sisal, Flamingo Café, and Jack & Jenny's. Guests move between settings naturally — from a beachfront dinner to a cocktail at the bar — without the experience ever feeling programmed.

The Salterra Spa features eight treatment rooms and an aquatherapy circuit designed for full-body restoration. The fitness center is fully equipped for those who want to maintain a routine, **daily yoga** and a dedicated **pickleball court** rounds out the active programming on property.

On the water and beyond, **Adventures by Salterra** brings the island itself into the guest experience. Diving and snorkeling access one of the Caribbean's healthiest reef systems. Airboat excursions navigate the island's tidal flats and salt ponds, offering a perspective on South Caicos that most visitors never see. Additional guided experiences connect guests to the island's marine conservation work, fishing heritage, and open ocean.

CURATED MOMENTS

From an intimate welcome dinner under the stars to a full weekend of family, food, and ceremony on the water, we work closely with couples and their planners to design an experience that reflects your vision and honors the people you love most. Every detail, every timeline, every menu can be shaped around what matters most to you.

Please see 4-Day Sample Itinerary.

PRIVATE ISLAND EVENTS

For groups who want to take the experience a **step further**, Salterra offers private events on the secluded cays that dot the waters surrounding South Caicos, accessible only by boat.

Salterra's own boat makes the crossing. On the cay, a handmade conch shell grill becomes the centerpiece – fire, seafood, and open air in a place most people will never see.

Whether it's a welcome gathering on the first night, a ceremony at the water's edge, or a farewell celebration - our private cay events are the kind of thing guests talk about **long after your event is over.**
