EVENT INFORMATION

Setup & Breakdown

Access begins 30 minutes before your event for setup and decorating, and 30 minutes after for cleanup and item removal. Additional setup time must be included in your reserved rental hours.

Server Rates

Server rates are $20/hour per event server and include the duration of your event plus one (1) hour—30 minute setup and 30 minute cleanup.

Parties of 50+ guests require one designated event server but we recommend two servers.
Parties of 75+ guests require two designated event servers but we recommend three servers.
Parties of 100+ guests require three designated event servers but we recommend four servers.

Required servers and rates are non-negotiable. Recommended servers will lessen attendee's wait times for drinks. Your guests may only add to your parties' tab with the designated event servers in the event space—not at the main bar in the taproom.

Cleaning

Hosts are responsible for removing all decorations and personal items. Glitter, confetti, balloon confetti, or wall damage from prohibited decorations will result in a minimum $250 cleaning fee, invoiced after your event.

DEPOSIT

A single deposit holds your date and is applied to your total invoice. Total invoice is to be collected at least 24 hours prior to your event. Deposit is refundable up to 30 days prior to your event.

Room	Deposit
Full Private Room	$250
