Pricing 2023

Each wedding is unique and our fees vary based on the complexity of your wedding including the number in your wedding party, the number of guests, the number of locations we need to cover and the estimated total hours of service. All of our packages include 2 staff members and up to 9 hours on the wedding day. If your wedding is over 150 people we often need 3 staff members. This pricing guide is to help you determine if we fit your budget. If we do, please reach out, we will be back in touch within 24 hours, unless we are at a destination wedding.
