

AMP'D ENTERTAINMENT

HOME OF REMIX'D EVENTS

Fig. 1 Party Starter

AMP'D ENTERTAINMENT is a creative DJ company and we think that weddings are a great place to be creative! We believe that no two couples are alike, so no two weddings should sound the same. Our DJs will craft the custom soundtrack of your personal favorites that not only celebrates you, but also your friends and family. No cookie cutter "wedding" playlists from us! Of course, we will happily fill in the gaps with the crowd pleasers. But our team of turntable wizards can update those classics to make sure they sound fresh and contemporary again.

There are no posers in this crew, only real DJs doing real DJ work: live mashups and remixes, sampling, scratching, and quick mixing so you get to hear more songs. And our polished MCs will handle all of your crowd control needs without making it about us. With AMP'D ENTERTAINMENT, you are the star of the show from Ceremony to Send Off!
