Bespoke Stationery

The Custom Process

.01

THE FIRST DATE

Let's get to know each other! Our first date is our initial consultation that allows us to go over the basics, discuss your style and overall vision for your wedding stationery.

.03

SAY I DO!

If you decide that you would like to book us for your special event, we can tell you that we'll be tickled pink! Once your deposit is placed you will be considered booked and then placed on our schedule. We only book a certain amount of weddings per month to maintain the highest level of client care.

.05

PRINT AND PRODUCTION

Once we finalize your suite we go to print! After print we do our finishing work, prepare your suite for mailing and then send them on their way to your beloved guests. Let the countdown to your event begin!

.02

THE PROPOSAL

Next we will prepare an estimate based on the items that we covered on our first date! This proposal will give you a base price with options, a basic design timeline and contract. You will have everything you need to make an informed decision about moving forward with our services.

.04

THE DESIGN

Once we gather all the information we need we get right to work! Inspiration and Mood Boards, Design Concepts, Curated Fonts and Graphics...all the items needed to bring your vision to life. We work together from concept to completion to perfect your unique wedding papers..
